

OFFICIAL PARTNER PROGRAM

Bring your WooCommerce catalog into TarantulApp.

A premium in-app storefront for tarantula and reptile vendors - without changing your checkout. Keepers discover inside TarantulApp; purchases still happen on your website.

Official Partner badge

WooCommerce sync

Traffic to your checkout

In-app storefront

A branded partner page that makes your shop feel native to the TarantulApp ecosystem.

Marketplace discovery

Products appear in the main marketplace with a trusted partner badge and vendor context.

Minimal manual work

Your WooCommerce catalog remains the source of truth. We mirror selected products and track clicks with UTM.

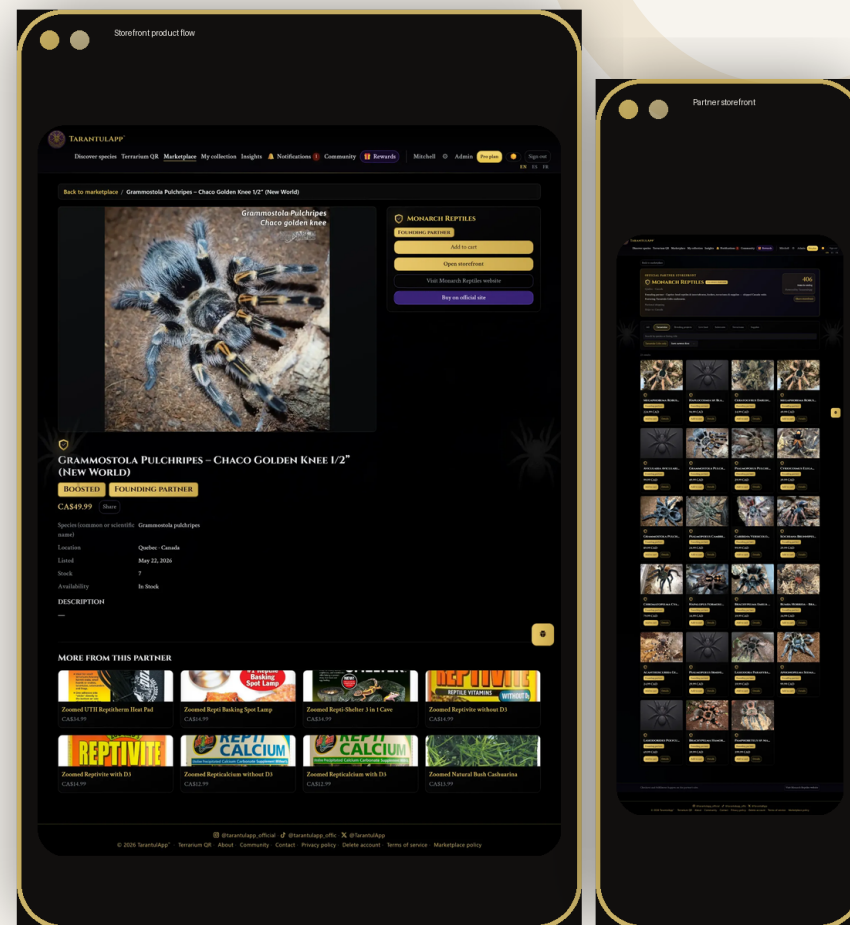

HOW IT WORKS

Your WooCommerce → Automatic sync → TarantulApp marketplace → Vendor checkout

What we need: a reachable WooCommerce catalog, authorization to display selected products, a short setup call, and your site catalog kept up to date.

Next step: reply to this email

We will schedule a short 15 min call, confirm categories and shipping regions, run a test sync, and publish only with your approval.

406+ items in catalog

Discovery in app. Checkout on the vendor site.
